

Assurance audit schedule

Section 55K(1) of the Victorian Energy Efficiency Target Act 2007

On 5 June 2024, pursuant to section 55K(1) of the Victorian Energy Efficiency Target Act 2007 (the Act), the delegate of the Essential Services Commission (commission) approved the assurance audit schedule set out in Schedule 1.

The audit schedule in Schedule 1 commences on 1 July 2024, and operates for the next two years.

For each accredited person identified in column 1 of the Schedule, the commission will issue a notice under section 55H of the Act during the period specified in column 4. That notice will specify the requirements for appointing an independent auditor to conduct the assurance audit, and the timeframe in which the assurance audit report must be provided to the commission.

Under section 55K of the Act, the commission is required to review and update the audit schedule at least once every 12 months. Therefore, the audit schedule is subject to change.
