Sarah Sheppard
Executive Director, Energy
Essential Services Commission
Level 8, 570 Bourke St
Melbourne VIC 3000

Dear Sarah,

Western Victoria Transmission Network Project

We refer to the email from Cherie Canning regarding the contracting parties for the Western Victoria Network Transmission Project.

As previously advised, the parties to the agreements to plan, design, construct, own, operate and maintain the contestable transmission augmentations for the Western Victoria Network Transmission Project (**project agreements**) are Australian Energy Market Operator Limited (**AEMO**) and AusNet Transmission Group Pty Ltd ABN 78 079 798 173.

AEMO has also entered into agreements with AusNet Transmission Group Pty Ltd ABN 78 079 798 173 and other declared transmission system operators for the non-contestable works for the Western Victoria Network Transmission Project.

We also confirm that there has never been any other parties to the project agreements.

Yours sincerely,

Tony Chappel
Executive General Manager, Corporate Affairs
