From December 2022, we began accepting submissions on our Minimum feed-in tariff review 2023-24 via Engage Victoria (www.engage.vic.gov.au). On this website, people were given the opportunity to send us a response to a set of questions we provided.

What parts of our proposed methodology for setting the minimum single and time-varying feed-in tariff rates do you consider are appropriate?

N/A

What parts of our proposed methodology should we change?

Discontinue the use of the lower Daytime Wholesale Rate as the Energy Retailer charge us the Peak Rate irrespective of our time of usage.

For our overall methodology, or parts of it, what alternative methodologies should we consider?

The Inclusion of an appropriate Risk Assessment in line with ISO 31,000 Risk Management to take into account impacts of Inflation, Market Intervention and other events, i.e. Known Unknowns and Unknown Unknowns (Black Swans).
