Yes

**Please confirm which one of the following applies to your submission:**

I agree to my submission, and my name (other than confidential information such as contact details) being published.

**Date submitted:**

**11 January 2025**

**Submission to pricing team inbox:**

I was shocked to hear the VESC is recommending radically reducing feed in tariffs on home solar systems

Clearly that will hinder more people from putting solar panels on roofs. If that is the commission's intent it is an environmentally wrong decision

I put my system in at no small cost to assist for my retirement which I have started only to hear the VESC is recommending whole sale power theft!!
